A643

SMA to BNC Cable Adapter

SMA to BNC cable adapter	A1423B, A1426, A1425	1,0 m
Description	Related Modules	Features

The **A643** is a 1 m coaxial cable adapter with an **SMA** connector on one end and a **BNC** connector on the other.

It is designed to connect the SMA output of CAEN fast preamplifiers, such as the A1423B Wideband Preamplifier and the A1425 and A1426 Charge Sensitive Preamplifiers, to equipment with BNC inputs, such as oscilloscopes, NIM modules or other laboratory instrumentation.

Product Highlights

- SMA to BNC coaxial connection
- Cable length: 1 m
- RoHS compliant

Technical Specifications

Type	Coaxial cable assembly
Connectors	SMA
Cable length	1 m
Compliance	RoHS
